

1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: R-222 Phenolphthalein
Description: Test Reagent
Suggested Use: Industrial Water Treatment
Restrictions on Use: Do not mix with other industrial chemicals.
Supplier: Advanced Chemical Technology, Inc.
8728 Utica Avenue
Rancho Cucamonga, CA 91730
Telephone: 1-909-980-4556 or 1-800-527-9607
Fax: 1-909-980-9366
Emergency Phone: 1-800-255-3924 (CHEMTEL)

2. HAZARDS IDENTIFICATION

Classification

GHS Classification: Serious Eye Irritation (Category 2A)

GHS Label Elements

Pictogram:

Signal Word: Danger

Hazard Statements: H316: Causes mild skin irritation
H319: Causes serious eye irritation
H226 Flammable liquid and vapor

Precautionary Statements: P264: Wash hands thoroughly after handling.
P 273: Avoid release to the environment.
P280: Wear protective gloves/ protective clothing/ eye protection.
P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313: If eye irritation persists: Get medical attention/advice.
P332+P313: If skin irritation occurs: Get medical advice/attention.
P501 - Dispose of contents/container to comply with local, state and federal regulations.

HMIS Classification: Health Hazard: 1
Flammability: 3
Physical Hazards: 0

NFPA Rating: Health Hazard: 1
Fire: 3
Reactivity Hazard: 0

Potential Health Effects

Inhalation: Can cause abdominal pain, nausea, vomiting, headache, and diarrhea, and central nervous system depression.
Skin: May cause mild skin irritation.
Eyes: Vapors and liquid may cause irritation of eyes with redness, watering and itching.
Ingestion: May cause nausea, headache, and central nervous system depression.

3. COMPOSITION/INFORMATION ON INGREDIENTS

<u>Component</u>	<u>CAS Number</u>	<u>Concentration</u>
Isopropanol	67-63-0	99 %
Phenolphthalein	77-09-8	1 %
Synonyms:	Not Established	

4. FIRST AID MEASURES

If Inhaled: Remove person to fresh air, loosen tight clothing. Obtain medical attention if breathing is difficult.
Skin Contact: Flush all affected areas with large amounts of water for at least 15 minutes.
Eye Contact: Flush eyes with plenty of water for at least 15 minutes and consult a physician. Remove contact lenses if able to do so.
If Ingested: Do NOT induce vomiting unless instructed to do so by a physician. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

5. FIREFIGHTING MEASURES

Flammability Overview: Never use welding or cutting torch on or near product. Vapors are heavier than air and may travel along floor or moved by ventilation.
Flash Point: 50 ° F TCC
Extinguishing Media: Dry chemical, alcohol foam, or carbon dioxide. Water may not be effective.
Special Protective Equipment for Firefighters: Wear full protective clothing and NIOSH approved self- contained breathing apparatus with full face-piece operated in positive pressure mode.
Hazardous Combustion Products: May form carbon dioxide and carbon monoxide

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Use personal protective equipment. Avoid breathing vapors, mist, or gas. Always ensure adequate ventilation. Evacuate personnel to safe areas.
Environmental Precautions: Prevent further leakage or spillage if safe to do so. Prevent from entering drains and waterways. Discharge into the environment must be avoided.
Containment and Clean Up: Soak up with inert absorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal. If assistance is needed call CHEMTEL or emergency services.

7. HANDLING AND STORAGE

Safe Handling: Use personal protective equipment. Avoid breathing vapors, mist, or gas. Always ensure adequate ventilation.

Safe Storage: Keep containers tightly closed in a dry well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store away from incompatible materials.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Limits

Component	CAS Number	Exposure Limit	Basis
Isopropanol	67-63-0	Not Established	ACGIH Threshold Value (TWA) (mg/m ³)
		Not Established	OSHA PEL (TWA) (mg/m ³)
		400 ppm (TWA)	PEL Units
Phenolphthalein	77-09-8	Not Established	ACGIH Threshold Value (TWA) (mg/m ³)
		Not Established	OSHA PEL (TWA) (mg/m ³)

Personal Protective Equipment

Eye Protection: Wear tightly fitting safety goggles or safety glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH. Have eye-wash stations available where eye contact can occur.

Hand Protection: Handle with chemical-resistant gloves. Gloves must be inspected prior to use. Dispose of contaminated gloves. Wash and dry hands after use.

Skin Protection: Protect skin by wearing pants, close toe shoes and long sleeves. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. Safety showers should be located in the work area where skin contact can occur.

Respiratory Protection: Where risk assessment shows air-purifying respirators are appropriate, use a NIOSH-approved full-face respirator with appropriate cartridges. For oxygen deficient atmospheres, use a NIOSH approved air-supplied respirator. Respiratory protection may be needed for non-routine or emergency situations. Respiratory protection must be provided in accordance with OSHA 29 CFR 1910.134.

General Controls: Always ensure adequate ventilation and that working areas contain safety showers and eye wash stations. Handle material in accordance with good industrial hygiene and safety practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid
Color: Colorless
Odor: Aromatic
Odor Threshold: Not Established

pH:	Not Established
Melting/Freezing Point:	Not Established
Boiling Point:	180 ° F
Flash Point:	Not Established
Evaporation Rate:	Not Established
Flammability (solid, gas):	2.0 %
Flammability/Explosion Limits:	12.0 %
Vapor Pressure @ 20°C:	33 mmHg
Vapor Density:	2.07
Specific Gravity:	0.789 @ 60 ° F
Density:	Not Established
Solubility in Water:	Complete
Partition Coefficient:	Not Established
Autoignition Temperature:	Not Established
Decomposition Temperature:	Not Established
Percent Volatility:	100 %
Viscosity:	Not Established

10. STABILITY AND REACTIVITY

Chemical Stability:	Stable under recommended conditions of use and storage.
Conditions and Materials to Avoid:	Heat, electrical sparks, flames. Aluminum equipment, strong oxidizing agents, acids, chlorine, acetaldehyde, and isocyanates.
Hazardous Decomposition Products:	May form carbon dioxide and carbon monoxide.

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Component	CAS Number	Test	Toxicity
Isopropanol	67-63-0	Oral LD50 (Mouse)	Not Established
		Skin	Not Established
		Inhalation LC50-1H (Rat)	Not Established
Phenolphthalein	77-09-8	Oral LD50 (Rat)	408 mg/kg
		Skin	Not Established
		Inhalation LC50-1H (Rat)	Not Established

Potential Health Effects

Inhalation:	Can cause abdominal pain, nausea, vomiting, headache, and diarrhea, and central nervous system depression.
Skin:	May cause mild skin irritation.
Eyes:	Vapors and liquid may cause irritation of eyes with redness, watering and itching.
Ingestion:	May cause nausea, headache, and central nervous system depression.
Signs and Symptoms of Exposure:	Any person with pre-disposition to sensitivity may be more susceptible to substance effects.

Chronic Effects of Long-term Exposure: May affect heart, kidneys, liver, and lungs. Prolonged exposure can result in skin disorders and toxicity to kidneys, lungs, and nervous system.

Carcinogenicity: Phenolphthalein is known to be a human carcinogen. Mutagenic to human somatic cells.

12. ECOLOGICAL INFORMATION

Acute Ecotoxicity

Component	CAS Number	Organism	Ecotoxicity
Isopropanol	67-63-0	oral rat LD50	50 45 mg/kg
		skin rabbit LD50	12,800 mg/kg
		inhalation rat LC50	16,000 ppm (8hrs.)
Phenolphthalein	77-09-8	Not Established	Not Established

Ecological Effects

Persistence and Degradability: Not Established

Bioaccumulation Potential: Not expected to bio-accumulate

Mobility in Soil: Not Established

Other Adverse Effects: Not Established

13. DISPOSAL CONSIDERATIONS

Disposal: Surplus and non-recyclable material should be treated as hazardous waste and be disposed of by a licensed disposal company. Material should be disposed in accordance with all local, state, and federal regulations. Regulations vary by region. Do not release into sewers or waterways.

Contaminated Packaging: Dispose of as unused product.

14. TRANSPORT INFORMATION

DOT Information

Proper Shipping Name: Isopropyl, solution, Flammable liquid

UN Number: 1219

Hazard Class: 3

Packing Group: II

Reportable Quantity (RQ): None Listed

Marine Pollutant: Not Established

Note:

15. REGULATORY INFORMATION

US Federal

SARA 302 Components: This product does not contain a Section 302 substance subject to Emergency Planning Notification/Threshold Planning Quantities
SARA 311/312 Hazards: Fire hazard. Acute health hazard
SARA 313 Components: This product does contain a Section 313 listed toxic chemical subject to release reporting requirements. (Isopropyl alcohol)
TSCA Inventory: Not Established

European Union

EC Inventory: Not Established

State Regulations

CA Prop 65: This product does contain chemicals currently on the California list of known carcinogens and/or reproductive toxins. (Phenolphthalein)

16. OTHER INFORMATION

SDS Version: 1.0
Revision Date: 06/01/2015
Disclaimer: The information contained in this document was carefully compiled and is believed to be accurate. The information represents the present state of our knowledge and is applicable to the product with the regard to appropriate safety precautions. However, it does not represent any guarantee of the properties of the product. Advanced Chemical Technology, Inc. shall not be held liable for any damages resulting from handling or from contact with the above product. It is the responsibility of the purchaser to determine the suitability of the product for their particular purposes. Nothing contained herein shall be construed to be a recommendation to use, or as a license to operate under, or to infringe any existing patents.
